The USA is using its veto power despite overwhelming world countries voted to remove the economic blockade in the UN General Assembly. We can see here the photo of solidarity from Indian working class in front of US Consulate General at Chennai!

Comrade K.Seenumani Contributes to PP DF Again!

Comrade K.Seenumani is teaching us as to how one should look at every advance being made by us in the pension financial hierarchy. We have been concerned when our Dearness Relief was impounded or frozen by the Government. We have agitated and acted along with our organization to pressurize the Government to unfreeze the Dearness Relief. But when the DR was unfrozen and without arrears 11% DR was added to our monthly pension, we praised the organization for the collective effort but desired more action to get the arrears too. Comrade K.Seenumani retired ASPOs and the Working President of Chennai AIPRPA showed that he is different from others! He wanted to share his joy with the organization. He calculated the annual

rise and donated 20% of the annual sum to the Pensioners Post journal. That 20% contribution towards the Pensioners Post Development Fund by Comrade K.Seenumani is Rupees 7440/- (Seven thousand four hundred and forty only). This and the earlier handsome contributions made by Comrade K.Seenumani is the indication of his deep affection to our monthly magazine and towards our AIPRPA movement. By the time this August monthly issue comes out, comrade K.Seenumani might have flown to USA for a brief stay with his daughter in the backdrop of the sorrowful demise of his beloved life partner Mrs.Indira Seenumani due to the pandemic. We wish him a memorable stay in USA!
