Canary Islands

November 2023

From the Frente Sindical Obrero de Canarias we want to send our greetings to the UIS Py J of the WFTU, in these days the one is celebrated in Rabat (Morocco).

For the FSOC we have shared numerous struggles with the WFTU, always in the streets, where without class unionism the struggle for performance and courage for union unity and the defense of workers' rights with class confrontation cannot be understood.

The importance for the Canary Islands of the fact that the Jubilad@s and Pensioners UIS of the World Federation of Trade Unions is held on our continent is unparalleled.

We hope that the conclusions of this meeting will be for the benefit of the working class as always when the WFTU organizes any meeting.

A classist and internationalist trade union greeting
