Art. 27.- The structure of the regional spaces will be determined according to the structure of the world trade union congress, the Executive Council and the Secretariat of the International Union of Trade Unions of Pensioners. There can be changes, according to the needs of each region. In that case, there will be a proposal to the Secretariat, which will submit it to the Executive Council in order to be definitely approved. The territorial framework of each region will correspond to each one of the regions of the WFTU.

Art. 28- The obligations and functions will be the following:

a) to represent as a delegation the International Union of Trade Unions of Pensioners to the issues corresponding specifically to the region, b) to promote and coordinate the development of the activities of the International Union of Trade Unions of Pensioners in the region, as agreed by the Congresses, regional Conferences or plenaries of the Executive Council, c) to impulse the organizational activities regarding unity and solidarity between the affiliated members of the region, d) to promote communication,

information and solidarity between the affiliated members of the region, e) to inform and coordinate with the General Secretariat and the Secretary of the Organization of the International Union of Trade Unions of Pensioners and Retirees the activities in the respective regions.

Due to the current sharpening of the class struggle we must start to carry on the tasks ordered by the Congress to each of the different Vice-Presidents as soon as possible, inter-changing among you, as well as with those who signed this letter, as much mail useful to help further development of your tasks.

Our first proposal to each Vice -President is to establish a **General Working schedule for the next five years** – those related to your term – as well as a **First Year Plan** (that may contain the general appeal for Regional Congress).

These plans should be forwarded by email to the General Secretary.

All members of the Executive Board will receive your emails so we may discuss its contents and give our opinions about them. From then on, the plans will be taken into action.

We may have a great opportunity to summarize your work and to approve the schedule for the second year of your terms during **the next meeting of the Executive Board, to be held in Bahrein in March 2015.**

Those signed this letter are at your complete disposal to help you and contribute to the success of your collective task.

We look forward to hearing from you!

With internationalist and class conscious regards,

April 2014
